EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the title: "Device and" was deleted.

In claim 6, line 21, after "configured sequentially", "moved" was deleted and - - move- - was inserted.

In claim 8, line 5, after "is transferred into", "an" was deleted.

The following is an examiner's statement of reasons for allowance: the cited prior art fails to disclose or reasonably suggest a transferring device to move vertically at a position where the glass plate is being transferred in combination with the claimed stopping and starting steps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
